Certification Program

Oaksterdam University offers certification to students who pass their final exams with a 75% or higher. Certification is recommended for students who would like to use Oaksterdam University as a reference for employment. If you are not interested in employment with a dispensary or other cannabis related business, you are perfectly welcome to take our classes for your personal enrichment.

There are two levels of certification at Oaksterdam University:

- 1) Semester Certification (Highest level)
- 2) Seminar Certification

What is the difference between Semester and Seminar certification?

- 1) Semester students have demonstrated the dedication to come back to class for 10 to 13 consecutive weeks.
- 2) Semester students have a higher and verifiable rate of comprehension through homework assignments and mid-term examinations.

Oaksterdam University does recognize that not everyone has the time/money required for the semester class, nor is everyone able to meet in Oakland for 13 consecutive weeks. This is why we offer the weekend seminar certification.

What does receiving certification get me?

Whichever route you choose to follow, assuming you pass our final examination and meet our attendance requirements, you can begin listing Oaksterdam University in your "special skills or training" section of your resume. You may give our main phone number (510) 251-1544 to prospective employer to verify that you are a student in good standing.

Frequently Asked Questions

Q: I missed my class(es); can I be refunded?

A: Refunds are not available to those who miss their classes without proper notice. If you know you are going to miss your class, please let us know at least 7 days in advance so that we can fill your seat. A fee of \$50 per cancellation will apply. You will not be eligible for a refund of cancellations within 7 days of the class. Semester Students may speak with Student Services regarding missed classes and make ups.

Q: Is there a test?

A: There is an optional test for those who have completed all classes except for prerequisite and electives classes. Students who pass the tests will receive certification from Oaksterdam University.

Q: What are the benefits of certification?

A: If you are applying for a job, our hope is that our certification program will give you an advantage in the selection process over someone who has NOT received certification. Certification shows that you have completed all of our courses and have proved you have met our standards of knowledge in the cannabis industry. Once receiving certification from us, you are encouraged to list Oaksterdam University under "special training". Dispensaries can then call and verify with us that you are a student in good standing.

Q: How do you become an alumnus?

A: You must complete one of the following: Basic Package, Classic semester, Indoor Horticulture semester or a Fast Track semester.

Q: I love what you're doing; do you accept donations?

A: In the wake of the recent federal raids, Oaksterdam is currently accepting donations¹ to help keep classes going while we get back on our feet. You can make a donation at www.oaksterdamuniversity.com or mail a check made out to "Wise Education Technologies, Inc." to 1734 Telegraph Ave, Oakland, CA 94612. Your support is very much appreciated.

Q: Do you offer online courses?
